Acidity

.66g/100mL

pH

3.63

Alcohol

12.72%

Production

300 cases

Suggested Retail Price

\$32

Winemakers Notes

Here at Riverbench, we make it our duty to convert those tasters who “just don’t like Chardonnay” into fans! We’ve found that these naysayers are seeking balance of toastiness and acidity, and our 2013 Reserve provides just that. Hazelnut aromas and a hint of charred peaches surprise the nose, then flavors of pear and a spritz of lemon zest wake up the palate. The complexities in the wine complement each other, making it a fun one to pair with food. Serving a gooey cheese or a cream sauce? Look for further, friend. You’ve found the one.
