

RIVERBENCH

## 2020 ESTATE PINOT NOIR

*Estate Grown & Bottled – Santa Maria Valley*

COMPOSITION	100% Pinot Noir, Clones: 667, Mount Eden
HARVEST	August 26, September 4; 2020
COOPERAGE	30% New French Oak
COOPERS	Seguin Moreau
ACIDITY	0.53 g/100ml
PH	3.65
ALCOHOL	14%
BOTTLED	August 2021
PRODUCTION	251 cases
PRICE	\$34

91 Antonio Galloni  
June 2022

92 Wine Enthusiast  
December 2022

### WINEMAKERS NOTES

This Pinot Noir is our flagship; a way to really showcase Riverbench Vineyard. Each year, we carefully select the clones and barrel lots that will make up this bottling so that it combines the best qualities of all different parts of the property. After nine months in barrel to develop amazing complexity and deliciousness, the wine is fresh and bright, and very typical for the Santa Maria Valley. The palate boasts juicy red fruit flavors that meld nicely with a hint of our signature Riverbench smoke and clove. Try it with duck breast or anything that involves mushrooms.

### 2020 HARVEST

Amidst high tensions in the weather and the world at large, the 2020 vintage ushered in high quality and clean fruit reminiscent of Santa Maria's celebrated cool climate. The year began with a dry winter that dribbled out less than half the usual rainfall and incited an early budburst. Hearty shoots managed to survive the windy spring and the nighttime frost alarms. Summer started out quiet and cool until August when high temperatures and humidity whipped up spectacular lightning shows and a few hefty downpours, testing our fungal-resistant pruning practices. When the turbulent storms subsided, they were replaced by 10 days of smoky haze as major fires broke out to the north and the south. By the grace of our valley topography, our vines were buffered by the worst of the smoke and flames with no taint detected on our early grape pulls. Harvest commenced with clean picks of sparkling Pinot Meunier on August 20<sup>th</sup>. Timing was steady and calculated. Safe from the challenges of weather, smoke, and global pandemics, the grapes in the winery unfolded elegantly. Our Pinot Noirs show incredible color with particularly luscious tannins from this year's small berries while the Chardonnays will age well into the future with bright acids and popping citrus aromas. While challenging, 2020's adversities built wines with character, concentration, and complexity that gave us cause to celebrate.
